

THE BUFFALO ASTRONOMICAL ASSOCIATION INC.

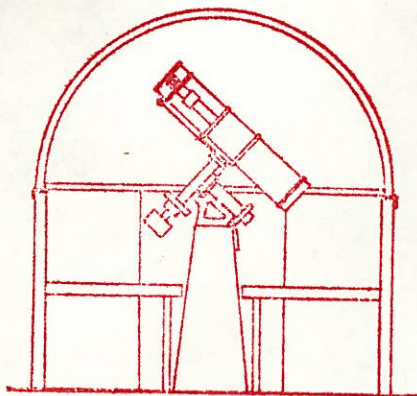

July, 1967

Dear member:

The annual picnic of the BAA will not be held at Newstead Observatory on August 11-12, 1967 as announced in the special June issue of the SPECTRUM because of security regulations and lack of picnic facilities. However, the picnic will be held at Camp Sprucelands on the scheduled star night of August 18-19, 1967. You will be required to bring your own food ~~and~~ however hot and cold drinks will be provided. There are ample barbecue grills and picnic tables. Come early and hike the nature trails then stay late for a night of observing. Above all, bring your telescope or other optical aids.

Sincerely

Richard S. Zygmunt
Secretary, BAA Inc.
