

Jul - Aug 1975

BUFFALO ASTRONOMICAL ASSOCIATION, INC. - SUMMER STAR NIGHTS, 1975

Summer Star nights are scheduled for Friday nights. If the scheduled Friday is cloudy, the event takes place on Saturday. Starting times: at sunset. Bring your own telescope if you wish.

NEWSTEAD OBSERVATORY: On Rt. 5, just outside (east) of Newstead. Large radio telescope on left (north) side of road marks location of Newstead Observatory (on grounds of Calapan Lab - formerly Cornell Aeronautical Lab).

= July 25 or 26; August 22 or 23.

BEAVER MEADOW: Take Thruway exit #55 to Rt. 400, south to Rt. 78, on to Strykersville, then left (east) on Perry Rd. to Rt. #77, south (right) on Rt. # 77 for about one mile to Beaver Meadow on left (watch for sign).

= July 11 or 12; August 8 or 9; September 5 or 6.

CAMP SPRUCELANDS: same as Beaver Meadow but continue south on Rt. # 78 through Strykersville and Java Village. Camp Sprucelands is about 2.7 miles south of Java Village, off Rt. #78 (on right going south, watch for sign).

= July 18 or 19.

TOM DESSERT'S: S-1286 South Anne Drive, Alden, N.Y. (phones 652-5530). Go east on Clinton St. (=Rt. #354) to Four Red Road (about 10 miles east of Transit Rd.), turn right and proceed south to Anne Drive. Turn left on Anne Dr. and go to South Anne Drive (branches off to the right from Anne Drive. Dessert's are last house on right).

= August 1 or 2.

The B.A.A. Spectrum will resume publication in September. Have a good summer!!!!!!
